# INSTITUTIONAL PROFILE

## EAC-RCE-VIHSCM

## ABOUT US

The East African Community Regional Centre of Excellence for Vaccines, Immunization, and Health Supply Chain Management (EAC RCE-VIHSCM) is a pioneering institution established by the 29th Ordinary Meeting of the EAC Council of Ministers at its sitting in Arusha, Tanzania on 20th September 2014 through its directive number (EAC/CM29/ Decision 35).

## OUR MISSION

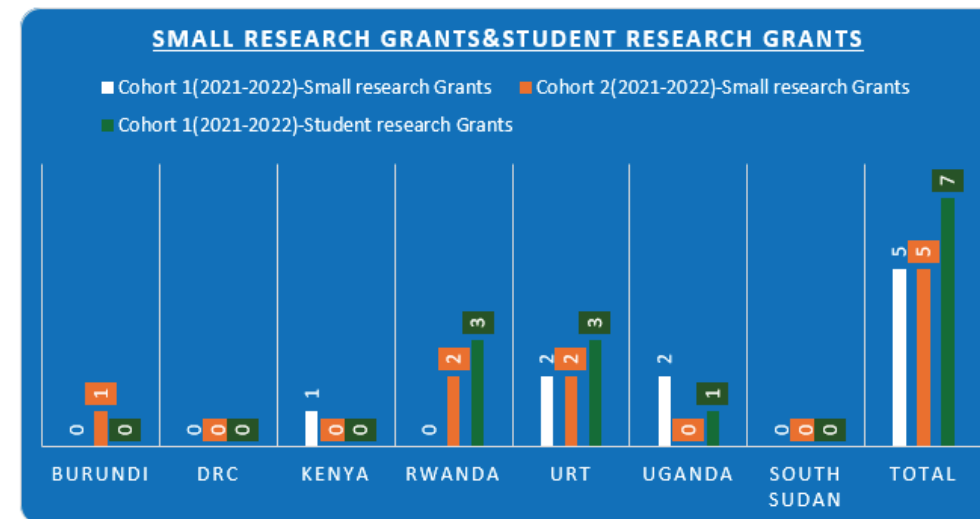

To contribute to solving existing performance challenges of the health supply chain management (HSCM) system in the EAC region through the generation of knowledge and its translation into research, policy and practice.

## OUR VISION

To become an autonomous, well-recognized, top-class, regional knowledge hub, providing high-quality pre- and in-service training and disseminating best practices in vaccines, immunization and health supply chain management

## OUR HISTORY

Article 118 of the Treaty for the establishment of the East African Community (EAC) provides for development of a harmonized regional drugs policy and good procurement practices. The 9th Ordinary Meeting of the EAC Sectoral Council of Ministers of Health, held on 17th April, 2014 in Zanzibar, United Republic of Tanzania approved the implementation of the proposed "Multi-National "East African Community Regional Centres of Excellence (CoE) for Skills and Tertiary Education in Higher Medical and Health Sciences Education Program" (EAC/SCM/Health/Decision 024)

# SHORT COURSES THAT WE OFFER

- 1 Governance, Leadership, Transparency and Accountability in Pharmaceutical and Healthcare Systems
- 2 Effective Procurement of Reproductive health products
- 3 Strategic Training Executive Programme (STEP Leadership Course)
- 4 General Health Supply Chain Management: Principles and Practices
- 5 Forecasting & Quantification of Health Commodities
- 6 Access To Medicines and Supply Chain system Re-design
- 7 Vaccines, Medicines and Medical Supply Chain Management
- 8 Immunisation Supply Chain
- 9 Humanitarian Supply Chain Course
- 10 Effective Vaccine Management Assessment (EVMA)
- 11 Global Standards, Traceability and Verification System for Health Products and Technologies
- 12 Training of Trainers on Cold Chain Equipment Management
- 13 Cold Chain Equipment Management Short-course
- 14 Clinical Trial Authorization (Vaccine manufacturing area)
- 15 Biologics Development and Manufacturing (vaccine manufacturing area)
- 16 Analytical techniques
- 17 Vaccinology
- 18 Training on the Use of Minilabs Equipment

# ONGOING MASTER'S PROGRAMS

## PROGRAMME 01

Master of Science  
in Pharmaceutical Analysis  
and Quality Assurance (MPAQA)

## PROGRAMME 02

Master's in Health Supply  
Chain Management  
(MHSCM)

# NEWS MASTERS PROGRAMS UNDER DEVELOPMENT

# GENDER DISTRIBUTION PER PROGRAM

## PROGRAMME 01

MSc in Regulatory Affairs, Fall 2024

## PROGRAMME 02

MSc in Vaccinology (Downstream/Upstream), Fall 2024

Masters in Health Supply Chain Management (MHSCM)

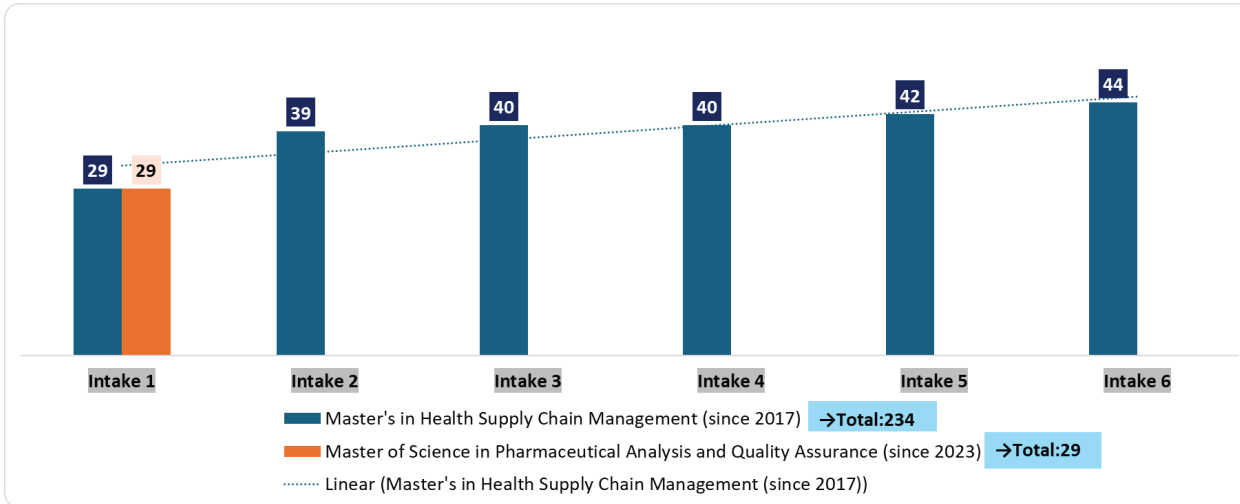

Masters of Science in Pharmaceutical Analysis and Quality Assurance (MPAQA)

Program	Male	Female	Total	% of Female
Masters in Health Supply Chain Management (MHSCM)	157	77	234	32.91%
Masters of Science in Pharmaceutical Analysis and Quality Assurance (MPAQA)	29	10	39	25.64%
Grand Total	176	87	273	31.87%

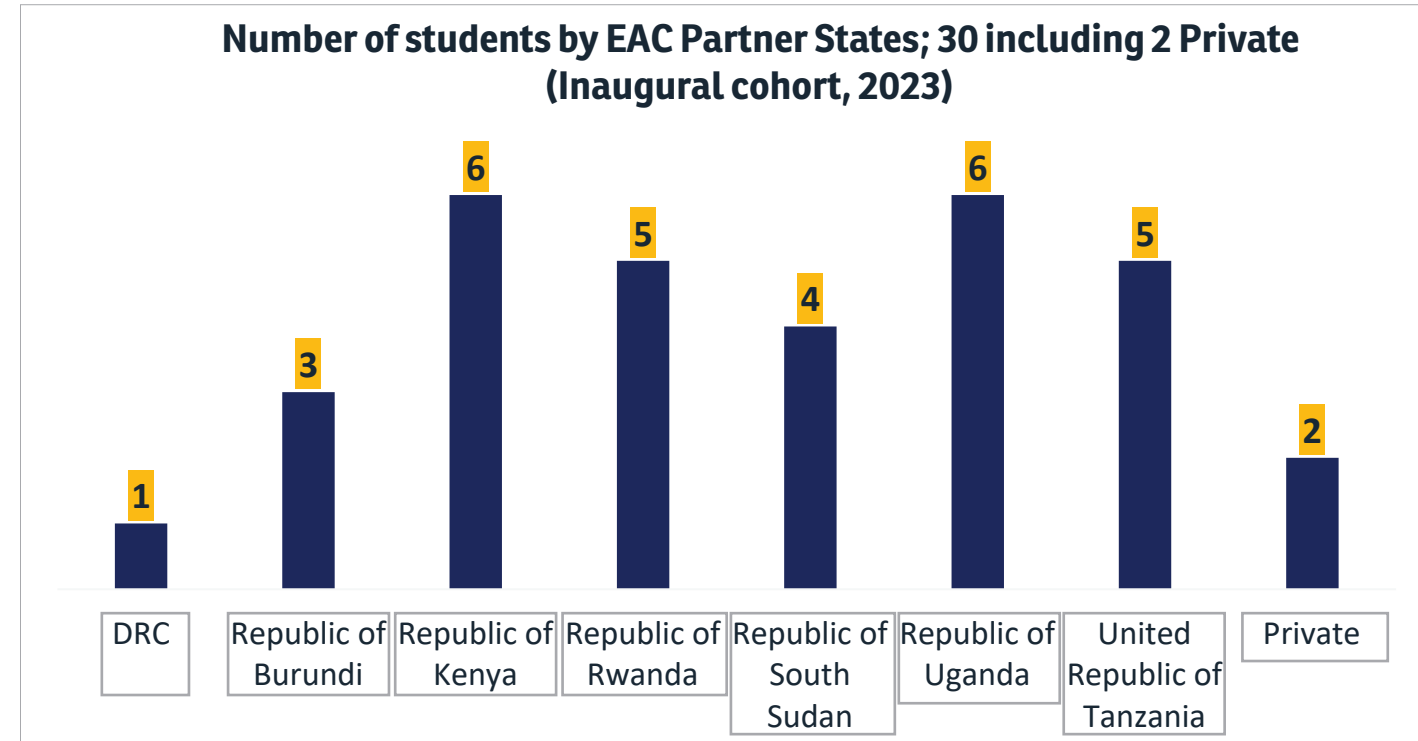

# PROGRAM ENROLMENT SINCE: 2017
